

NEW BENEFITS ADVICE LINE FOR THOSE AFFECTED BY MND IN NORTHERN IRELAND

Welfare Benefits advice- need advice?

It can be difficult to think or talk about money or to claim benefits if you have not already done so. In partnership with Advice NI , the Association has created a free, confidential & independent telephone and e-mail benefits advice service for people with or affected by MND.

This service goes live from Monday 3rd April.

The service will help you identify the benefits that you may be eligible to claim, show you how they can be claimed, and advise on particularly complex issues and appeals against benefits decisions. It is also able to arrange for advice, guidance and help completing applications to be provided in your own home, where necessary.

Telephone: **0808 802 0020 (free to call)**

E-mail: [**WelfareChanges@adviceni.net**](mailto:WelfareChanges@adviceni.net)

Advice NI was founded in 1995. It is a registered charity and membership organisation that exists to provide leadership and services to its 62 advice agency members.
